GATHERING

Of Jungian Analysts, Candidates and Significant others - this time in Santa Fe!

On the Edge and in the Center:

Exploring Patterns in outer/inner worlds
Hotel Santa Fe, located near the Plaza in Santa Fe, New Mexico
Thursday – Sunday,
September 24 – 27, 2015

The theme of this gathering sets the stage for us to join in explorations of questions that penetrate the assumptions of our work: Is there a center or many centers to psyche? What lies at the edges and beyond? How do we imagine the interaction between center and edges in both individual and collective dynamics, in both intrapsychic and interpersonal dimensions? To launch our time together, we have invited two scholars, each renowned and in the center of their own fields, who are dynamically edgy and thus stimulating to Jungian thought. We open on Friday with introductions of their cutting edge investigations into the complex realms of community and city life. On Saturday we gather our own voices around the theme of edges and centers through brief presentations and communal discussions.

GATHERING fee for analysts, candidates and significant others (who attend the full conference) is \$170 post-marked by April 1; after that it is \$195 until August 1, after which it becomes \$220.

This Intensive will be Friday, June 12 from 6-8 PM, Saturday, June 13 from 9-4:30, and Sunday, June 15 from 9-1:00.
