Movies

A Dangerous Method (2011)

Directed by David Cronenberg, this film explores the relationship between Carl Jung, Sigmund Freud, and Sabina Spielrein, focusing on the early days of psychoanalysis and Jung's development of Analytical Psychology.

My Name was Sabina Spielrein (2002)

Directed by Elisabeth Márton, a documentary that explores the life of Sabina Spielrein, a pioneering figure in psychoanalysis. The narrative centers on her complex relationship with Carl Jung, who was her therapist at the Burghölzli mental hospital in Zurich, where she was admitted for severe hysteria in 1904.

The Wisdom of the Dream (1989)

A three-part PBS documentary series exploring Jung's life and his major contributions to psychology, including his theories on dreams, archetypes, and the psyche.

A Matter of Heart (1985)

A documentary providing an in-depth look at Carl Jung's life, philosophy, and influence. It includes archival footage, interviews with those who knew him, and insights into his concepts like the collective unconscious and archetypes.
